2) Introduction.

- a) The Totton and Eling Community Association (the CA) recognises that we are subject to the Equality Act 2010.
- b) The CA recognises that many people in our society experience discrimination or lack of opportunity for reasons which are not fair. These include race, religion, creed, colour, national and ethnic origin, political beliefs, gender, gender reassignment, sexual orientation, age, pregnancy and maternity, disability (including mental illness), HIV status, marital status and civil partnership, responsibility for dependants, appearance, geographical area, social class, income level or criminal record.
- c) We will challenge discrimination and lack of opportunity in our own policy and practice and will help other organisations and individuals to do the same.
- d) We aim to create a culture that respects and values each other's differences. We see these differences as an asset to our work as they improve our ability to meet the needs of the organisations and people we serve.
- e) The organisation is committed to providing an environment in which employees can realise their full potential and to contribute to our success. This is a key employment value to which all employees & volunteers and member organisations are expected to give their support.
- f) To create conditions in which this goal can be realised, the CA is committed to identifying and eliminating discriminatory practices, procedures and attitudes.

3) What is discrimination?

- a) The CA believes that discrimination can take one or more of the forms set out below.
 - i) **Direct discrimination** is treating one person less favourably than another in the same or similar circumstances or segregating them from others, for any reason, for example, because they are a lesbian, a gay man or because they have a disability or illness. Refusing to employ someone who has the required skills because they are deaf or because they are pregnant etc.
 - ii) **Indirect discrimination** occurs where there is a requirement or

condition which applies equally to everyone but which, in practice, has an adverse impact on a particular group and cannot be justified. For example, an unnecessary physical or age requirement can discriminate against women or disabled people. The setting of language tests, where language skills or fluency are not really needed for a job, is another example.

- iii) **Harassment discrimination** covers actions which amount to abuse and/or harassment of people or groups of people because for example their political beliefs, they are a member of a national, racial or ethnic minority group, a woman, a lesbian, a gay man or have a disability or illness.
 - iv) **Victimisation** occurs when a person is treated less favourably or is discriminated against because she/he has pursued or intends to pursue their rights in respect of alleged discrimination.
 - v) **Racism** occurs where the collective failure of an organisation to provide an appropriate and professional service to people because of their colour, culture or ethnic origin. It can be seen in the processes or attitudes and behaviour, which amount to discrimination, to unwitting prejudice, ignorance, thoughtlessness, and racist stereotyping which disadvantages minority ethnic people. Incidents constitute any incident which is perceived to be racist by the victim or any other person. If the victim does not want to complain, another person may do so.
- b) Discrimination in any form is unacceptable, regardless of whether there was any intention to discriminate or not.
